Preparations for the IAEA Nuclear Security Conference – 5-8 December 2016

Introducing the Nuclear Industry Steering Group for Security (NISGS)

The Nuclear Industry Steering Group for Security (NISGS) will continue the industry's efforts to support the Nuclear Industry Summit initiative. WINS will act as Secretariat to the Board, and the organisation will be led by industry at the executive level. The NISGS will be introduced during the IAEA Nuclear Security Conference at a briefing for industry on 5 December 2016. WINS members in Vienna for the Conference are welcome to attend - no RSVP required. Read more about NISGS [here](#).

WINS Side Events

WINS is organising side events on the margins of the IAEA Nuclear Security Conference. Through collaboration with the UK company, [AKT Productions Ltd.](#), and theatre-based training, WINS offers innovative ways to exchange knowledge among stakeholders on nuclear security. Sponsored by the UK Department for Business, Energy and Industrial Strategy, and in collaboration with AKT, WINS is hosting "A Night at the Theatre" on 6 December 2016 at 19:00 - by invitation only. A report of the evening will be made available on our website.

WINS' side event, "Supporting the Development & Adaptation of Alternative Technologies to Radioactive Sources," will take place on 7 December 2016 at 18:30. [View the announcement.](#)
